# LETTUCE, ENDIVE AND CHICORY

CABI Publishing, United Kingdom, 1999. Paperback. Book Condition: New. 228 x 154 mm. Language: English . Brand New Book. In common with other titles in this series, this volume describes the scientific principles that are the basis of crop production practices. This volume focuses on the leafy salad vegetables of lettuce, endive and chicory. It opens with a review of world production data, crop uses, botany, taxonomy and evolution. It then describes the genetics and breeding of the crop, including...

## Reviews

*It becomes an incredible book which i have ever read through. This really is for anyone who statte that there was not a well worth reading through. You wont sense monotony at at any time of the time (that's what catalogs are for regarding when you question me).*

-- **Alf Grant**

*This sort of publication is everything and taught me to hunting ahead and much more. Better then never, though i am quite late in start reading this one. I am just very happy to explain how here is the best pdf i actually have read within my personal daily life and can be he greatest publication for actually.*

-- **Laverne Farrell**

*This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.*
