Lovecraft referred to Park Barnitz as a vivid decadent of the fin de siecle period who modelled his verse on Baudelaire killed himself soon after graduation from Harvard. His one and only volume, *The Book of Jade* (1901), has become a legend in the realm of weird poetry, its technical precision and its relentless obsession with death, horror, madness, and pessimism making it a choice prize for appreciators of poetic witchery. But almost nothing is known about its young author, who died at the age of twenty-three. This comprehensive edition presents a wealth of material about David Park Barnitz—biographical, critical, and bibliographical. It contains the complete text of *The Book of Jade* along with additional poems and essays by Barnitz, some of which have never been reprinted. In addition, Gavin Callaghan has written an exhaustive biography that presents a fascinating portrait of the poet, delving into his family's ancestry and collecting widely scattered nuggets of information on Barnitz's life, work, and thought. The editors have gathered a wide array of criticism on Barnitz, including contemporary reviews and early essays by Floyd Dell, Carey McWilliams, and Joseph Payne Brennan. The book concludes with a brace of original essays on Barnitz's poetic achievement. This is the definitive edition of *The Book of Jade*, featuring masses of material not available elsewhere.
