

Factory and Industrial Management Volume 63, No. 5

By John Robertson Dunlap

Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1922 edition. Excerpt: .to keep this expensive matter down to the minimum. Unless we know what this re-work or waste costs and enter it into our costs, it is very easy to be misled as to actual costs. It is, therefore, one of the important functions of Management to know, by departments, true conditions of all waste so that proper corrections may be applied. Plant Equipment Are you certain that not oni of your competitors has here or there in his plant a more efficient machine, or a better grouping of machines or a superior arrangement of handling his product from one machine to another, or from one department to another? Have you the expert tool men to handle this important phase of a manufacturing plant; men who are not only mechanical engineers capable of creating A-I tool designs, but are also able excutives in manipulating tool...

Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

-- **Mr. Grant Stanton PhD**

A whole new eBook with an all new standpoint. It is actually rally fascinating through reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).
