

## Water Handling Equipment Guide: 5th Edition

Filesize: 2.89 MB

### ***Reviews***

*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.*  
*(Prof. Loyce Runolfsson Jr.)*

## WATER HANDLING EQUIPMENT GUIDE: 5TH EDITION

Bibliogov, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Through a survey of Federal and State wildland fire fighting agencies, a need was expressed to identify government owned and operated interagency water handling equipment and to disseminate this information to field users. The pictures, performance, and equipment descriptions found within this Guide represent the various types of pumps, equipment, and other components found in the fire community and offered by manufacturers. It is not meant to indicate sponsorship or validation of any particular manufacturer or product. The primary objective of the Guide is to provide field users in wildland firefighting agencies with a basic information document on water handling equipment. Within the wildland fire community, every imaginable type of water handling equipment is in use. This Guide does not contain all water handling equipment in use, but does contain equipment components that are (1) commercially available or economically reproducible, (2) interagency in scope or application, and (3) currently in use. To qualify for being reproducible, there normally has to be the availability of specifications and drawings that have been tested. The information contained in this latest edition has been completely updated to incorporate recently developed concepts in wildland fire organization, changes in equipment, and deletion of no longer used or available items. Appendixes have been expanded to provide a ready source of technical data and conversion factors required by the practitioner. Hard copies of NFES 1275 can be ordered from the National Wildfire Coordinating Group. Mail or fax your order to: National Interagency Fire Center, Attn: Great Basin Cache Supply Office, 3833 S. Development Ave., Boise, ID 83705. Fax: (208) or 5538 (no phone orders accepted).
