THE LABORATORY RAT

Taylor Francis Inc, United States, 2013. Paperback. Book Condition: New. 2nd Revised edition. 234 x 165 mm. Language: English . Brand New Book. Rats have long been recognized as a valuable biomedical research model, notably in the investigation of aging, toxicology, addiction, and common human diseases such as diabetes and hypertension. In many instances, individuals conducting such research studies are charged with important responsibilities, including animal facility management, animal husbandry, veterinary care, regulatory compliance, and various experimental methodologies. With the...

Reviews

It in a single of my personal favorite publication. This is for those who statte that there had not been a worth reading. I am just easily can get a enjoyment of reading a written ebook.

-- **Myrtie Pagac**

If you need to adding benefit, a must buy book. I am quite late in start reading this one, but better then never. I am just quickly could possibly get a delight of reading through a published ebook.
