Brand New Book ***** Print on Demand *****.*****Another 4 out of 5 stars from Foreword Clarion Reviews: This pulse-pounding thriller starts off with a bang. On Doll s seventh birthday, one of his candles refuses to go out- just like his other birthdays, exclaims one of his friends. After setting this spooky stage, the suspense continues as the news barks about flying saucers in Nevada, and Doll has recurring nightmares about being chased by a wolf.Indeed, the negative consequences of progress are reinforced by everything from the wolves in Doll s nightmares to creepy descriptions of plants to dire predictions about the future. With his fondness for mentioning things like Pribil automobiles and Nehi soft drinks, the author conjures up nostalgic specifics of America s past. The introduction of brand names, coupled with Wells s ability to connect and reinterpret historical events to fit his plot, makes the book eerily realistic.A thriller in multiple ways, this book is a must-read for sci-fi lovers. Cascade AE magazine: Wells latest book.weaves in elements of magical realism while posing questions about real-life history, including what were inventor Albert Einstein s true motives. Calliope Writer s Workshop: Wells artfully blends in Wolfe Odyssey, historical fact with fantasy, science fiction, and horror into a fabulist form of fiction. What a pleasure to read this book and see the vision of Mr. HC Wells.The story comes together with a combination of tense drama, action that is at times terrifying, and startling revelations that leave the reader anticipating Book III. I can t wait to see the...
