This non-fiction book contains hard-earned advice on how to travel Australia and return home safe, healthy and, above all, alive. Each advice is illustrated with stories during which I learned them. They re all from my own travels - conducted back when I was still a naive, young person. The advices are grouped and sorted by source and extent of the hazard. The biggest risk gets explained first: You. Followed by: Other people, then companies and organizations. Finally (and only then) australian cliché hazards: animals, weather, geography, natural disasters. And, since you ll be travelling: transportation - alone, with others, during hikes or group travel. For example, I explain how to properly apply sunscreen (in short: every other hour, nighttime excluded) and tell about how I got a (natural!) tan while it rained. I explain to outsiders why Vegemite is good for you (and a funny way to spot the non-initiated). Don t drive a car at night - I did, and I m listing everything I barely missed (the least of that were animals)....
