

Experience Psychology

By Laura A. King

McGraw-Hill Education - Europe, United States, 2013.

Paperback. Book Condition: New. 2nd Revised edition. 274 x 226

mm. Language: English . Brand New Book. Do you want your

students to just take psychology or to experience psychology?

Experience Psychology is a complete learning system that

empowers students to personally, critically, and actively

experience the impact of psychology in everyday life.

Experience Psychology is about, well, experience-our own

behaviors; our relationships at home and in our communities,

in school and at work; and our interactions in different

learning environments. Grounded in meaningful real-world

contexts, Experience Psychology s contemporary examples,

personalized author notes, and applied exercises speak directly

to students, allowing them to engage with psychology and to

learn verbally, visually, and experientially-by reading, seeing,

and doing. With the Experience Psychology learning system,

students do not just take psychology but actively experience it.

Experience a Personalized Approach - How many students

think they know everything about introductory psychology but

struggle on the first exam? LearnSmart, McGraw-Hill s

adaptive learning system, pinpoints students metacognitive

abilities and limitations, identifying what they know-and more

importantly, what they don t know. Using Bloom s Taxonomy

and a highly sophisticated smart algorithm, LearnSmart

creates a personalized, customized...
