MODELING AND SIMULATION OF PROTEIN FOLDING

Cuvillier Verlag Okt 2015, 2015. Taschenbuch. Book Condition: Neu. 211x149x17 mm. Neuware - The book describes a new mathematical model for intracellular protein folding and the implementation of this model in the form of a novel simulation software. Besides, the related biological, chemical, and physical background, important for understanding and rationalization of the proposed model, is outlined, and a short overview of the best-known methods for protein structure prediction and molecular modeling is given. The first chapter provides a general introduction...

Reviews

Very useful to all of class of individuals. It is really simplistic but excitement from the 50 % in the ebook. I realized this ebook from my i and dad recommended this pdf to learn.

-- **Miss Odessa Kunde**

This published publication is excellent. It is among the most awesome publication we have read. Once you begin to read the book, it is extremely difficult to leave it before concluding.
